

On Wednesday 20th May, Mrs Mallek our Spanish teacher arranged for us to visit Kings College London University.

There we took part in a variety of workshops; Daniel taught us about Spanglish, Toby immersed us in Latin American Music, Antonia talked about Mapping Spanish and Portuguese and Marivi showed us images of the Hispanic and Lusophone world.

While we were there we learnt more about Spain and Brazil as we watched two videos. We then drew and wrote about the two country's. After that we presented our pieces of work. I particularly liked Marivi who put us into a circle to announce our names and do a little dance!
